About me

I'm a Graphic Designer and Video Editor with 4 years of experience, working across both digital and print media. I enjoy creating designs that not only look good but also communicate the message clearly and fit the brand.

I work on everything from social media posts, ads, reels, thumbnails and video content to brochures, flyers, banners, business cards, presentations, posters, branding materials and other print designs.

I also use AI tools as part of my workflow, along with Photoshop, Illustrator, Canva and Premiere Pro. This helps me create concepts faster, explore more ideas and deliver polished work without compromising on quality.

Experience

Bellagio Plaza

Nov 2024 - Aug 2026
